JANUARY
2025

WELCOME NOTE

HAPPY NEW YEAR!

We're thrilled to share updates on how your support is transforming lives through education. Together, we've made incredible progress and can't wait to even do more in 2025!

HIGHLIGHT OF THE MONTH

Our Ibadan and Arepo schools resumed on the 13th of January, 2025 and we are thrilled to see the children back in class with renewed enthusiasm. Likewise, we're proud to announce sponsorships for two university students and two secondary school students this session.

HOW YOU CAN HELP!

- Textbooks and school supplies for our students.
- Sponsorship to provide more children with access to education and food.
- Volunteers to assist in our programs and outreach efforts.

OUTREACH PROGRAM

On Boxing day, we had the privilege of partnering with Mrs. Adesanya for a special outreach program in Ogunmakin, Ogun State, where we distributed clothes and food to an orphanage home. It was indeed a heartwarming experience to witness these children happy and joyous.

IMPACT STORY

Joseph Bankole, a 9-year-old boy from Ogun State, struggled to attend school because his parents couldn't afford it. Through our services, Joseph now attends school and has a dream of becoming a Civil Engineer.

Joseph says: "I love school, and I want to become a Civil Engineer someday. Thank you for making this possible."
